

## I - SOVIET TROOPS IN THE GRESKA RD

Town	Date	a. Interrogator b. Source Employment	Installations	Location	Occupation	Remarks
GRESKA (45°25' N/ 30°45' E)	1947 to May 1948	a. H b. work in the harbor area	a. Barracks (one mul- ti-story brick build- ing, about 300 feet long)	Opposite the naval harbor on the southwest side of the trunk road	Naval unit	Another PW (P-3) told interrogator (C) that he observed a large barracks build- ing (three-story brick building with surrounding wooden fence) occupied by about 200 naval troops on the trunk road lead- ing through the harbor area in June 1948.
			b. Garage (165x65 feet) and small administra- tion building	Opposite the Naval Bar- racks	About 20 trucks of the Army	
	1948 to May 1948	a. F b. work in a factory near the freight sta- tion	AA gun emplacement	On a hill about 3,300 feet north- east of the freight station	12 guns of about 75 mm cali- ber and several light AA guns. Troops in the empla- cement were frequently ob- served drilling. Another emplacement with four light AA guns was in the western city sector.	
	1947 to March 1948	a. H	1. AA gun emplacements	Coastal area southeast of the harbor railroad station	Numerous AA gun emplacements with gun barrels of about 70 mm caliber. Firing practice at towed aircraft targets was observed.	Another PW (P-3) told interrogator (F) of the following observations made on the road to NIKO- VALE in August 1948: a. Tank unit with 20 to 25 T-34 tanks (5 bogie wheels) in a tent camp.

CHSSA (cont'd)	CHSSA	Long Range	Northeast of the city, on both sides of the high way to NIKOLAYEV (40°55'N/31°50'E)	Troops estimated at more than 10,000. Numerous tanks and heavy AA guns were seen.	6 miles northeast of CHSSA. b. A large num- ber of tents about 8 miles northeast of CHSSA. Numer- ous track-laying vehicles were seen. c. 20 to 24 AA guns of 80 to 100mm ca- liber and search- lights in improved emplacements near the tent camp.	
1946 to January 1948	a. F b. work in the near- by cemetery	1. Barracks	Southeast of the freight station	Occupied to capacity by a unit of unidenti- fied branch of service. 16 heavy tanks were seen between the bar- racks and the cemetery in 1947		
		2. AA gun emplacement	On road about 1,000 feet north east of the freight station	Three guns of 76.2 mm cal- iber. One in use.		
1946 to January 1948	a. F b. work in the bar- racks	Barracks (seven brick buildings, 260x80x30 feet, boiler house, target ranges)	About 5 miles south of the CHSSA- SA main railroad station, on the western side of the road (with street-car line) to BOLSHOI FONIAN, about 2 1/2 miles northwest of the city.	Military school, called Infantry School, headed by a general. Trainees arrived in civil- ian clothes and were in- sued uniforms in the bar- racks. They wore three yellow cross-bands on the sleeves.	Another PW (P-5) told interrogator (G) that he worked in an artillery school and an infantry school about 5 miles south of CHSSA, in early 1947. The schools were near a streetcar stop.

CHESNA (cont'd)					Resides Soviet trainees, about 300 Yugoslav officers ranking from second lieutenant to major were seen in the Summer of 1947. Six week courses including theoretical and practical training in lines of duty and firing with live ammunition. No heavy weapons were observed.	Soviet and Yugoslav officer candidates were seen in both schools, about 150 trainees in each. The trainees were instructed with mortars.
TIRASPOL (46°50' N/28°55' E)	October 1948	a. F b. work as brick layer in the town area	Barracks	Unidentified	Motorized infantry unit of one regiment (three battalions), armed with submachine guns, new rapid-fire rifle, medium and heavy mortars and 75.2-mm AT guns	Another FW (F-3) told interrogator (R) that he saw artillery units leaving TIRASPOL in September 1948. The guns were towed by small caterpillar tractors.
	Used to February 1948	a. F	Barracks (three three-story buildings, 260x50 feet, two stables, 260x65 feet and one garage)	Between the town and the railroad bridge across the Dniester River, north of the railroad line	Infantry unit on which no data is available	
SEBUDRI (46°45' N/28°45' E) (TIGHINA)	early 1948		Former fortress installations (five three-story brick-buildings and one four-story brick-building with flat roof, 20-foot high)	North of the town	Artillery unit of about 2,000 troops wearing black caps with a three-digit number. General KOGLIKOV was CG of the unit.	Another FW (F-3) told interrogator (R) that he learned from fellow FWs of a signal unit stationed in SEBUDRI in the Fall of 1948.

KISHINEV (47° 00' N / 28° 50' E) October/ November 1948	a. F b. construction of large white high work in building the city area	1. Quarters 2. Quarters 3. Barracks	On Gogolevskaya, city center  Unidentified  On the city western perimeter	Headquarters of border troops of the Moldavian SSR  Headquarters of Gen- eral ORLOV, CG of the Moldavian SS Tank unit with more than 100 T 34 tanks. Numerous rocket launchers and some AA guns were seen at the main entrance.		
Up to November 1948	a. C b. work in the barracks area	1. Barracks (brick-build- ing, about 500x250 feet and fenced- in park)  2. Barracks	Northern city sec- tor, west of the railroad line to JASSY Southern city sector  Opposite a hosie- ry factory	Infantry unit of very young troops, frequently seen leaving their quarters.  Artillery unit of about 400 men, observed in dry runs  20 to 30 guns of 122 mm caliber, about 50 mortars of 120 mm cal- iber and eight to ten AA guns of 37 mm caliber were seen on the square opposite the bar- racks. New tractors and about 100 trucks arrived in July 1948.  Called "Infantry Barracks" where a garrison unit was to be quartered according to a Soviet entry. The barracks were under con- struction in the Fall of 1948.	Another PW (P-3) confirmed the artillery unit to the same interrogator. The unit was in the southern city sec- tor and was equipped with 20 AA guns of 75 mm caliber, 20 guns of 105 mm caliber, 5 rocket launch- ers, 10 guns of 37 mm caliber and light and heavy infantry weapons in November 1948.	
1948 to November 1948	a. C b. work in (new building) the city area	1. Quarters 2. Quarters (new building)	Southeast of Pash- kin Park on the street parallel to Lenin Street. On the city north- western perimeter	Directorate of Border Troops.  MVD Directorate. An MVD general frequently inspected the barracks.	Occupied by two border police com- panies, as learned from a fellow PW.

2. Military  
quarters (three-  
story angular build-  
ing, 100x65 and  
100x120 feet)

City center, about  
3,000 feet northeast of  
the main railroad  
station

About 300 miles north  
of the Northern Ship-  
yard

Troops performing main-  
tenance work were observed

Called "Naval School," oc-  
cupied by naval officers

See 60 fifteen rocket  
launchers of medium ca-  
liber were observed be-  
ing fired with live ammu-  
nition

Another PW (F-6) con-  
firmed to interrogator  
(B) that a naval school  
(angular building, 650x  
500 feet, with wall and  
iron fence) was in the  
same center in January  
1948. This school was  
occupied by about 200 n  
naval officer candidates  
after 1 September 1947
